

Business Development Intern

Who are we?

We are the University of Cambridge presence in Singapore called Cambridge Centre for Advanced Research and Education in Singapore (CARES), sponsored by the NRF CREATE program, CAM.CREATE. Cambridge CARES also hosts industry-funded and other agencies-funded projects. Our team is comprised of world-class scientists and engineers working in a vibrant, fast-paced environment with great opportunities for knowledge and skills development.

CARES is a partner in the AMPLE project (An Accelerated Manufacturing Platform for Engineered Nanomaterials), aiming to build a state-of-the-art pilot facility for rapidly scaling-up nanomaterial production, building upon recent innovations at CARES in the areas of reactor design, machine learning and automation. This two-year project began in 2022 and will lead to commercialization through CARES' spinoff company Accelerated Materials Ltd.
